**As HEM Electrical Engineering Project Contracting Industry and Trade Inc.;**

## ABOUT US

HEM Electrical Engineering Project Contracting Industry and Trade Inc. was established in 2018 with the group of engineers working as senior managers in the leading companies of the electricity sector since the beginning of the 2000s. Our primary goal in this path we taken is to create a different perspective in the sector by blending our experience from the past with today's technology and to provide the best service to our customers without sacrificing quality.

As Hem Electrical Engineering, we have been included to the Turkey's top companies' major projects since the day we were founded. We started electrical Project and contracting Works with TAYRAŞ WASTE OILS IMPORT EXPORT and REGENERATION FACILITY Inc. BİLECİK REFİNERY. Then, we quickly progressed in the projects and contracting of companies such as PORLAND PORCELAIN, SEREL CERAMIC, CP PİLİÇ, KOSİFLER OTOMOTİV& CONSTRUCTION, TURK TELEKOM, REGNUM CONSTRUCTION, ARMELSAN DEFENSE TECHNOLOGY. As HEM Electrical Engineering, in line with our principles, we serve our valued customers with the most appropriate solutions in electrical systems, with the right investment and economic operation logic which are the basis of engineering.

## OUR VISION

We aim to be a contemporary solution company that constantly gives confidence together with our employees.

## OUR MISSION

Within the framework of ethical values, always working honestly, accurately and in accordance with standards to ensure the satisfaction of our customers, employees and solution partners with quality materials and qualified workmanship to gain increasing values.

### ELECTRICAL CONTRACTING

As HEM Electrical Engineering, we offer practical solutions to our valued customers with our experienced team in the field of electrical contracting. Thanks to the experience of many years, we always work to please you by performing our work in a professional way.

With our solution partners, we provide electrical contracting services for every budget. Our team, which is leading of their own branches in the sector, never compromises its quality service understanding. Before starting the case, our team makes a road plan accordingly to the quality and quantity of the work, then they continue the process by prioritizing life and work safety. And they keep up electrical contracting by providing qualified services to our customers with special package selections and price ranges.

### PROJECT DESIGN

As HEM Electrical Team, we provide project design and tender dossier preparation services for the electrical application of all kinds of structures and facilities planned to be built. Electrical projects are determined together with the project team in accordance with technical data and prepared to meet the needs. Projects are drawn in accordance with international norms and TSE.

First of all, we prepare a report which contains standards that used in the project design and offer our suggestions according to the customer's needs. In addition to the report, the installation techniques planned to be designed are compared with each other and then, as a result of the meetings, the main principles are determined which is the basis for preliminary and implementation project designs.

In the light of the project proposal report, the project groups of the other disciplines are drawn and in line with the decisions that taken in the meetings with the employer, the projects based on the architectural plans are drawn. Projects shows the entire installation in detail, all calculations are made. The exploratory summary is prepared in accordance with the material orders. Material brands that are shown in the drawings and whose performance is approved by us will be recommended. The technical specifications and application principles, test control methods and the delivery conditions of the work which will be the basis for the production, will be prepared and presented in the tender dossier.

## CONSULTANCY

As HEM Electric, our team has always been happy to share their experience. In this direction, we also provide consultancy services in order to help our valued customers. Our team, which has all kinds of technical information and necessary equipment for detecting electrical problems that may be occurred, shares the solution with you via consultancy services.

A few of our solutions within the scope of our consultancy services;

- Transformer centers consultancy services
- Measurement services
- Filtration
- Grounding resistance measurements and solutions
- Luminous intensity measurements and necessary solutions
- Energy cost measurements
- Transformer oil quality measurements
- Controlling services ( progress payment-project-implementation)

<b>Name of Work</b>	:	Tayraş Bilecik Waste Mineral Oil Refinery
<b>Location</b>	:	Bilecik / Osmaniye
<b>Employer</b>	:	Tayraş Baz Yağ Rafinerisi A.Ş.
<b>Project Type</b>	:	Industrial Facility
<b>Structure Features</b>	:	45.000 m <sup>2</sup> - 60 Thousand Ton Capacity Refinery
<b>Project Date</b>	:	2019-2021
<b>Scope of Work</b>	:	

#### **Tayraş Refinery Superstructure Buildings (Phase 2)**

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Weak Current Systems: Setup and Test and Commissioning

**Tayraş Refinery Transformer and Low Voltage Distribution (10mVA) (Phase 3)**  
**Tayraş Refinery Instrumentation Electromechanical Contracting Works (Phase-4)**  
**Tayraş Refinery Fire Detection Systems**

<b>Name of Work</b>	:	Porland Porcelain Shipping-Packaging and EDRS Warehouse Area
<b>Location</b>	:	Bilecik / Merkez
<b>Employer</b>	:	Porland Porselen San. Tic. A.Ş.
<b>Project Type</b>	:	Industrial Facility
<b>Structure Features</b>	:	47.000 m <sup>2</sup>
<b>Project Date</b>	:	2019 - 2021
<b>Scope of Work</b>	:	

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Weak Current Systems: Setup and Test and Commissioning
- Lighting Automation Systems: Supply, Setup, Testing and Commissioning

<b>Name of Work</b>	:	Armelson Technopark Management and R&D Building
<b>Location</b>	:	İstanbul / Tuzla
<b>Employer</b>	:	Armelson Savunma Teknolojileri A.Ş.
<b>Project Type</b>	:	Industrial Facility – R&D Building
<b>Structure Features</b>	:	5.600 m <sup>2</sup>
<b>Project Date</b>	:	2020 - 2021
<b>Scope Of Work</b>	:	

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Medium Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Weak Current Systems: Setup and Test and Commissioning

<b>Name of Work</b>	:	Rehau Polymer Chemical Facilities Renovation Works
<b>Location</b>	:	Bilecik / Osmaneli
<b>Employer</b>	:	Rehau Polimeri Kimya San. A.Ş.
<b>Project Type</b>	:	Industrial Facility
<b>Structure Features</b>	:	-
<b>Project Date</b>	:	2021
<b>Scope Of Work</b>	:	

-Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning

-Weak Current Systems: Setup and Test and Commissioning

**Kosifler Oto**  
Ayrıcalıkların başladığı yer

<b>Name of Work</b>	:	Kosifler Oto Samsun Showroom and Service Building
<b>Location</b>	:	Samsun / Tekkeköy
<b>Employer</b>	:	BMW Kosifler Oto A.Ş.
<b>Project Type</b>	:	Showroom & Oto Service
<b>Structure Features</b>	:	20.000 m <sup>2</sup>
<b>Project Date</b>	:	2018-2019
<b>Scope Of Work</b>	:	

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Medium Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Weak Current Systems: Setup and Test and Commissioning
- Lighting Automation Systems: Supply, Setup, Test and Commissioning
- Decorative Lighting Installation

<b>Name of Work</b>	:	Ağdağ İnşaat Selimiye Steel Processing Factory
<b>Location</b>	:	Bilecik / Selimiye
<b>Employer</b>	:	Ağdağ Gıda ve İth. Mad. İnş. Ltd. Şti.
<b>Project Type</b>	:	Industrial Facility
<b>Structure Features</b>	:	3.000 m <sup>2</sup>
<b>Project Date</b>	:	2014 - 2015
<b>Scope Of Work</b>	:	

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Medium Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Weak Current Systems: Setup and Test and Commissioning

**Elginkan**

<b>Name of Work</b>	:	Gebze OSB Machinery Processing Facility
<b>Location</b>	:	Gebze / Kocaeli
<b>Employer</b>	:	Elginkan Holgding A.Ş.
<b>Project Type</b>	:	Industrial Facility
<b>Structure Features</b>	:	30.000 m <sup>2</sup>
<b>Project Date</b>	:	2012-2013
<b>Scope Of Work</b>	:	

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Medium Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Weak Current Systems: Setup and Test and Commissioning
- Lighting Automation Systems: Supply, Setup, Test and Commissioning

<b>Name of Work</b>	:	C.P. Piliç Osmaneli Further Processing Facility
<b>Location</b>	:	Bilecik / Osmaneli
<b>Employer</b>	:	CP Standart Gıda A.Ş.
<b>Project Type</b>	:	Industrial Facility
<b>Structure Features</b>	:	17.500 m <sup>2</sup>
<b>Project Date</b>	:	2009 - 2010
<b>Scope Of Work</b>	:	

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Medium Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Weak Current Systems: Setup and Test and Commissioning
- Lighting Automation Systems: Supply, Setup, Test and Commissioning

<b>Name of Work</b>	: Kağıthane Four Points By Sheraton
<b>Location</b>	: İstanbul / Kağıthane
<b>Employer</b>	: Ferko İnşaat Turizm Tekstil San. ve Tic. A.Ş.
<b>Project Type</b>	: Hotel
<b>Structure Features</b>	: 18.500 m <sup>2</sup> (173 Room)
<b>Project Date</b>	: 2018 - 2021
<b>Scope Of Work</b>	:

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Medium Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Weak Current Systems: Setup and Test and Commissioning
- Lighting Automation Systems: Supply, Setup, Test and Commissioning
- Energy and Mechanical Automation Systems: Supply, Installation and Testing – Commissioning
- Decorative Lighting Implementation

<b>Name of Work</b>	:	Highlight Hotel Yalıkavak
<b>Location</b>	:	Bodrum / Muğla
<b>Employer</b>	:	Adriatik Turizm Otelcilik San. ve Tic. A.Ş.
<b>Project Type</b>	:	Hotel
<b>Structure Features</b>	:	3.000 m <sup>2</sup> - 22 Room - 4 Apartment
<b>ProjeTarihi</b>	:	2019
<b>Scope Of Work</b>	:	

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Low Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
- Weak Current Systems: Setup and Test and Commissioning

<b>Name of Work</b>	: İmes Park Four Points By Sheraton
<b>Location</b>	: İstanbul / Dudullu
<b>Employer</b>	: Ferko İnşaat Turizm Tekstil San. ve Tic. A.Ş.
<b>Project Type</b>	: Hotel
<b>Structure Features</b>	: 14.000 m <sup>2</sup> - 182 Room
<b>Project Date</b>	: 2015 - 2017
<b>Scope Of Work</b>	:

- Grounding and Lightning Protection Systems: Supply, Setup and Testing and Commissioning
- Medium Voltage Works: Supply, Distribution, Setup, Testing and Commissioning
